

Gabriela Acevedo

Jr. Full Stack Developer - Senior Customer Success Specialist - Software tester manual

As a Full-Stack Web Developer, I possess strong skills in JavaScript, ReactJS, CSS, and HTML, along with a passion for continuous learning and growth. With a background as a customer success specialist in web hosting, I bring a unique perspective to my development work, ensuring that the end-user experience is always top-of-mind. I am a responsible and respectful team player, eager to acquire new experiences and contribute to innovative projects in the field of web development.
